## IMPORTANT INFORMATION

Artwork (Guidelines \& Templates) We have an all digital workflow and work with all Mac and Mac compatible files. Artwork must be created on our design templates-download from ColorWorxPrint.com. Follow art guidelines and design restrictions in template; use acceptable programs. Incorrect files and files created without our item template may delay production and can incur prep charges. Files are archived for 12 months.

Changes/Cancellations Changes to orders in progress may or may not require additional cost and/or time. Cancellation after order is in progress will require payment for work already performed or materials generated.

## Color Matching COLORWORX DOES NOT GUARANTEE AN EXACT COLOR

 MATCH. Reorders may vary between runs. If you require a color match or your job needs to match other pieces, let us know prior to placing your order.Copy Errors Customer files are reviewed before output to ensure accuracy and that your expectations are met. However, we are not liable for errors in customer submitted files. Additionally, when a remake is warranted the order will be produced according to the original specifications, without alteration.

Damaged Goods/Claims In the case of loss or damage in transit, the liability is that of the carrier and not COLORWORX. Please mark shipper "received damaged" and contact your dealer immediately. It is important to inspect all materials upon arrival. Cartons may be opened for inspection, but do not dispose of damaged merchandise or containers. A claim must be filed with the carrier within 10 days after receipt of merchandise. A digital photo is helpful in filing a claim with the carrier. All other claims must be made within 30 days of delivery. Our liability is specifically limited to the value of the product we manufacture.

Express Badges Copy will NOT bleed off edges-prints almost to the end of the badge (a thin white line will appear at outer edges). Keep live copy (type, etc.) $1 / \mathrm{s}^{\prime \prime}$ in from edges. 24 -hour schedule is based on approved credit and acceptable file output. If a proof is required, production begins AFTER proof approval. Complete information must be received by NOON EST (M-F) and your order ships the next day. Service is not provided on weekends or holidays.

Plastic Card Options May require additional charges and production time based on the specifics of your order. More information is available at our website ColorWorxPrint.com

Barcodes: We use code 3 of 9 (also known as Code 39). Visible (human readable) numbers are included below the barcode. Submit data file (Excel or .csv) or provide "start and end" number. Barcodes will print in BLACK INK only.

Signature Panel: A semi-opaque white writable surface. Allows you to add info on the card at a later time, such as expiration dates, member's name, signature, etc.

Variable Numbering: Available on plastic cards. Numbering is a separate step in production. Must indicate placement and size of number on art file. Submit data file (Excel or .csv) or provide "start and end" number. Numbers will print in BLACK INK only.

## IMPORTANT INFORMATION

Printing (Digital) Four color process only. Prices are based on customer supplied, print ready files in acceptable programs on our templates. Process graphics must be in CMYK and not RGB or PMS. We are not responsible for color shifts that may occur when PMS colors in files or RGB files are converted to CMYK. Digital printing gives you the opportunity to print variable text or images. Since digital printing simulates PMS colors using four color process toner based inks, color matching to the Pantone ${ }^{\circledR}$ Matching system is less accurate. Large solid areas and screen tints produce better on an offset press. Digital printing will not match offset printing.

Production Time Most orders ship in 3-5 working days or less from receipt of acceptable submitted art files. COLORWORX ${ }^{\circledR}$ cannot be held responsible for delays due to incorrectly submitted files. Additional time and charges may be required to alter or fix incorrect files. Production times are exclusive of delivery time and are non-contractual. Production days are Monday through Friday, excluding holidays.

Proofs Are available for an additional charge. Changes to proofs may incur additional charges. Normal production time is required after proof approval.

Quantities Call for quantities not listed.
Rights To Promote The plant reserves the right to use all products produced by the plant in the plant's advertising, promotional literature, displays and sample programs.

Samples A reasonable number of samples are available free of charge and are sent regular mail or ground. Expedited ship methods are available.

Shipping F.O.B. factory in Michigan. We normally ship UPS ground delivery inside the contiguous U.S.A. Expedited ship methods are available.

Union Label A union label can be added to any product upon request for no additional charge. © 179

UV Coating Select items on cover stock have a high gloss UV finish applied to top (front) side of sheet. You cannot write or inkjet on UV Coating.

## ARTWORK GUIDELINES

1. Download item template from ColorWorxPrint.com
2. Create Layout Files with the Following Programs (Mac or PC):

- • InDesign • Illustrator • Photoshop

We cannot work with files from Word, Powerpoint, PageMaker, Publisher

## 3. Send ALL Required Files \& Art Elements:

$\square$ use "package" function in program to collect all elements: fonts, graphics, logos, scans, etc.

- vector art: convert type to outlines save as .EPS
] images (photos): 300 dpi high-res for CMYK \& grayscale
PDF files are acceptable if they are full resolution, include bleed, created to proper item/template size
] include $1 / 8^{\prime \prime}$ bleed
Wrong template, missing bleed, low-quality graphics will be rejected.
ALL graphics must be supplied as CMYK (4CP)
- do not use RGB or PMS

For large black areas we suggest the following rich-black mix:
cyan 60\% magenta $40 \%$ yellow $40 \%$ black 100\%

## To avoid "Blues that look Purple"

$\square$ choose a blue formula with $30 \%$ more cyan than magenta

## Avoid Errors in Your Files:

Proofread \& test print your files: print color separations.
Added charges apply if we need to modify your files.
We are not responsible for errors in supplied files.
