Every product is backed by our 100% satisfaction guarantee and promise to you. If we don't do it right, we'll make it right.

Stay Secure with QuickBooks® Checks!

Offering three levels of security to match your needs.

Level 1: Uncompromised Checks

The Uncompromised level is an economical option that provides well above the minimum eight security features needed to qualify as a "high-security check." The unique check background design is available in 10 colors. Like all versions of Uncompromised Checks, the face of the document contains a heat-reactive, thermochromic icon. Additionally, the back has a chemical wash warning box.

Level 2: Uncompromised Plus Checks

Uncompromised Plus takes check security to the next level! In addition to the security features available in the Uncompromised level, Uncompromised Plus includes an invisible fluorescent logo printed in the signature area of the check. The Uncompromised Plus check background is distinct in design, difficult to duplicate and available in four colors.

Level 3: Uncompromised Premier Checks

Uncompromised Premier is the most robust level in our standard check offering. The Premier level includes multiple layers of check security options that are described in greater detail below. These checks are manufactured in a facility that utilizes security paper stocks, secure images, printing technologies, inks and holograms to protect its customers and employs production and building procedures that have made it a NASPO accredited printer.

Available Premier Check Options:

- Artificial Watermark
- Chemical-Reactive Box
- Chemical-Reactive Paper
- Diagonal Dimensional Backer
- Hologram
- Invisible Embedded Fibers
- Invisible Fluorescent Logo
- Microprint Endorsement Lines
- Padlock Icon
- Thermochromic Icon
- Toner Adhesion
- True Fourdrinier Watermark
- Visible Embedded Fibers
- Warning Band
