

UNCOMPROMISED. IT'S ALL IN THE NAME.

Level 1: Uncompromised Checks

An economical option that provides well above the minimum eight security features needed to qualify as a "high-security check." This unique pantograph is available in 10 color choices. The face includes a thermochromic icon, and the back has a chemical wash warning box.

Level 2: Uncompromised Plus Checks

Uncompromised Plus takes check security to the next level! In addition to the security features available in the Uncompromised level, our mid-level tier has an upgraded pantograph design, thermochromic icon, invisible fluorescent logo, chemical wash warning box and four color options.

Level 3: Uncompromised Premier Checks

The most robust level includes six distinct product lines: Granite/Parchment/Linen, Payee Positive Pay, Financial Secure, 3D Secure, Hologram Secure and Ultimate Secure. Depending on the product line you choose, Premier check options can include holograms, prismatic printing, thermochromic icons, invisible fluorescent logos, chemical wash warning boxes and more.

NON-BRANDED MARKETING TOOLS

uncompromisedchecks.com

This website provides your customers a place to download our non-branded catalogs and learn more about the security features available.

Statement Stuffers

Promote checks in your outgoing mail with colorful statement stuffers. View and download this helpful marketing piece at ennis.com/marketing-materials (scroll down to "Uncompromised Materials").
